

Campaign Sentinel.

The Weekly Indiana State Sentinel will be furnished for Three Months, during the Campaign, at the rate of

25 CENTS A COPY.

Send in the names.

THE DAILY STATE SENTINEL is sent by all the early morning express and freight trains, and delivered to subscribers in adjacent towns about the same time it is distributed in Chicago. This enables readers at a distance from the Capital of Indiana, to get the news of the day from six to twelve hours before they can receive it through papers published elsewhere. News dealers and carriers in any of the towns on railroads connecting with Indianapolis, will be supplied with the SENTINEL on as good terms as any other paper. Clubs for the Daily will be supplied at Agents' rates. Orders are solicited.

Valuable Documents.

We have for sale the following valuable documents, and ask Dealers in every County and Township in Indiana to call together and send for them, for distribution.

Yonkers's Speeches.

The speeches of Hon. D. W. Yonkers upon the financial policy and frauds of the Administration party, and his vindication of his statements in that speech in reply to the comments of Mr. Dawes, of Massachusetts. These speeches show, from Republican records, the expenditures of the Administration, the amount of the public indebtedness, and the gross frauds by which that debt has been increased. Published in one pamphlet of sixteen pages, and will be furnished at \$1 per hundred, and \$10 per thousand.

Speech of Richardson and Address to the Democracy of the United States.

The speech of Hon. W. A. Richardson, of Illinois, exposing the abolition schemes of negro equality, and what the tax-payers are paying for the experiment. In the same pamphlet (of eight pages) is the Address of the Democratic members of Congress to the Democracy of the United States, prepared by the Hon. W. A. Richardson, the most intimate friend of Senator Dawes. Price ten cents per hundred, fifty cents per thousand, and four dollars per thousand.

Circulars of the Documents.

These documents should be placed in the hands of every voter in Indiana, as they are the most valuable subjects which have a deep interest for every citizen who desires to preserve constitutional liberty and to perpetuate the Union as framed by the Fathers of the Republic.

Speeches should be ordered by Express, if possible, as the postage is so great, and so this must be prepaid, it is taken out of the money sent. All orders accompanied with the cash, will be promptly attended to.

CITY AND STATE ITEMS.

For choice cake, pies and confectionery go to Cunningham's.

An acre of grass in the north part of the city is for sale. Inquire at this office.

The luxury of a good fitting, well-made shirt, can be enjoyed by leaving your measure at Parker's, No. 30 West Washington street.

Captain Bush's 4th Indiana battery, field artillery, which did good service at Corinth, arrived at Nashville on Thursday from Huntsville.

Colonel Miller, of the 29th Indiana, is performing the duties of Brigadier General at Nashville, in the absence of General Dumont.

Three or four car-loads of recruits arrived yesterday from Madison for the three months' regiment now on duty at Camp Morton.

FOUR—A lady's or child's check cape, trimmed with blue. The owner can have it by calling at the Sentinel office.

Leut. Kane, formerly of the 17th Indiana, left yesterday for the 15th Indiana Battery in any capacity in which his services may be needed.

LOST OR STRAYED—A fine Scotch terrier pup, three months old, strayed from Florence's Barn yesterday. Whoever returns him will be suitably rewarded.

The City Council of Buffalo, New York has appropriated \$20,000 to raise a regiment. They pay seventy-five dollars to each man when he is mustered into the service.

The following named gentlemen have been commissioned as Second Lieutenants to raise companies for the 70th regiment: Benjamin Harrison, James Sweetzer, Wm. Meredith and George Wallace.

MASONIC NOTICE—A stated meeting of Marion Lodge No. 35 will be held at 7 1/2 o'clock this evening, at the Grand Masonic Hall. Punctual attendance is requested.

FRANCIS KING, Secretary.

A gentleman and lady, and several single gentlemen can be accommodated with board and rooms at No. 57 North Tennessee street, near the lake, three squares west of Washington street. Also, a number of day boarders. The rooms are neat, clean and airy, and the location pleasant and healthy.

Between three and four hundred excursionists from Louisville arrived on the Jeffersonville road yesterday, at noon. The party would have been much larger, were it not that it had not been for the rumors of disturbance from guerrillas that prevailed in their city.

ACCIDENT TO A VOLUNTEER—One of the guards at Camp Morton yesterday killed himself by the accidental discharge of his musket, the ball taking effect in his thigh. The wound is a very severe one. It is also stated that another soldier, from the careless use of his gun, inflicted a slight wound on himself.

Notwithstanding the heavy rain upon them, Cadz & Co., at the Glens' Block, are still able to supply all creation with boots and shoes. Don't suffer with corns when you can step in there and get a summer boot or shoe that will fit your foot just as well as if made for it. Ladies' and children's wear in abundance.

Some of the papers are reviving the old puns, "from six to nine, and from nine take ten, then from forty take fifty and six will remain." The solution is as follows:

SIX IX X L

S I X

We are informed that a project is on foot to have \$5,000, in city orders, issued in sums of five, ten, and twenty-five cents, redeemable at the banks in town, at the rate of one dollar and upwards. This project, if carried into effect, will supply the pressing need of change. The public should hesitate taking individual promises to pay, and thus giving credit to the great object. The plan contemplated is not open to this objection.

ESCAPE OF PRISONERS—On Monday night, during the storm, a number of rebel prisoners effected an exit from Camp Morton, under the fence enclosing the ground at the point north. They were pursued, and the stampede was checked. Two or three were shot, near Fall Creek, and a number arrested and brought back. Accounts vary as to the number that escaped. Some place it as high as six, but the officers who are certainly the best judges, say that only thirty-five got outside of the fence, and that that number ten or twelve had been arrested and returned.

INDIANAPOLIS ARSENAL—Twenty-five hands

are employed in this establishment in the manufacture of cartridge shot and shell, and they turn out from 400 to 500 cartridges, and from 300 to 400 shell per day. In the arsenal for manufacturing cartridges for small arms, there are 250 hands employed, 150 of whom are girls; these, when at work, manufacture about 10,000 cartridges per day.

Letters from the 19th Indiana, received by E. F. Reed, Esq., state that the regiment was at Frederick's house on the 14th inst., and they left to march with twelve days' rations. The writers did not know the direction of the march. The health of the regiment was only tolerable. They had been encamped on an open field without shade except the covering of the tents, and the heat had told upon them.

Extra Train—Half Fare—The Jeffersonville Railroad will run an extra train to Franklin on Thursday, July 17, to accommodate all that want to attend the Democratic Congressional Convention. The train will leave the Union Depot at 11 o'clock A. M., and returning, leave Franklin on Saturday, July 18, at 6 o'clock P. M. The price of the fare leaving the Union Depot at 6:00 A. M., will also carry passengers at half fare.

Those of our readers who contemplate removing to this city, we would advise, by all means, to attend the sale of city lots in this city, on Monday next, by W. Y. Wiley, Real Estate Auctioneer. The opportunity will be a good one to secure a home at a low price, and the rent for a month as easy to be paid as the rent for a year; and, besides, the investment would be a paying one, as the property is desirable, and will always be in demand. Wiley will furnish full particulars upon application.

SPEAKING LAST NIGHT—The band of the 19th Regulars played last night in front of the Bates House, serenading, we learn, Judge Hughes. Quite a crowd collected, and the music was highly spoken of on the war, on the 8th of January Convention, and on other matters. He was listened to respectfully, but failed to excite any great amount of enthusiasm. He was followed by Judge St. Charles, and Hon. Mr. Gregory, of Lafayette, who entertained the assemblage for a short time, when they quietly dispersed.

THE EMPIRE SALOON—Recently this popular resort for gentlemen, under the direction of Mr. E. J. Salo, has been repaired and redecorated throughout. The painting was done by Mr. J. R. Osgood, the paper hanging by Mr. John Conn, and the ornamental hangings by Mr. F. G. White, lately of the theater. The public, visiting daily the Empire, pronounce Messrs. Osgood, Conn and White unapproachable as artists in their respective departments. There is one other accomplished gentleman whom we would mention in this connection—Mr. Leopold Kabis, the superintendent of the establishment. His jujitsu, his cocktails, and his coiffures, are unsurpassed and unprecedented.

THE COURSE OF TRUE LOVE—Love laughs at locksmiths, it is said, and it is certain in this free land that when young people take it into their heads to marry, all opposition must be well-nigh aside, for "where there's a will, there's a way." A young couple in this city, devoted Catholics, had been engaged for some time, but the parents of the lady forbade the union. They could not be married by a priest under these circumstances, and any other ceremony in their view would be as naught. They hit upon a plan, however, to bring the folk to reason. They procured a license, went to a "Squire" and had the knot tied by him, and then proceeded to their new home. When the old folks found their daughter was a bride in the eye of the law if not in the eye of the church, they relented, sent for the groom and priest, and yesterday the two lovers were united according to the rites and ceremonies of the church.

FROM MEMPHIS—An officer of the 47th Indiana, arrived at Nashville last night direct from Memphis. He represents the health of the regiment as better than it has been for many months. Only two men are in the hospital.

The 46th, with Col. Fitch, are still up White river at St. Charles.

The order of Gen. Grant requiring the families of rebels to leave or take the oath, caused quite a flutter in secession circles. Many had left, and others were preparing to do so. None of them, our informant thought, would take the oath. He represents a strong undercurrent of Union feeling. Over three hundred recruits had been obtained in the city for the Federal army.

He says that the regiments are exceedingly anxious to be relieved on garnison duty by the new ones now forming, and to advance on the enemy. The 47th is spoiling for a fight, and their gallant Colonel is keen to give the word "forward."

COMPANIES ORGANIZING—There is considerable rivalry among the companies organizing in the city as to who shall be the first to make a complete muster roll. Some may be already filled. How many there are we do not know. Those we have heard of will name. Care should be taken that too many companies are not started, and thus all be defeated in getting the required number. Consolidations frequently lead to dissatisfaction.

James Sweetzer, Thomas McEckler and Thos. Campbell, were early in the field. They are all first-class men, and are filling up rapidly. Their flag flaps from Mr. Sweetzer's office, above Merrill's bookstore.

Benjamin Harrison and George Wallace are also actively engaged and very successful. They are both well known in this community, and will be at least neck and neck with the foremost.

William Meredith, of the Journal office, is also in the field. His office is in the Journal Building, and he has been very successful in getting recruits. It is the favorite company of course with the printers, as well as with many others, and will not be the last to file its roll, we will bet.

George Williams has flung his banner from the corner of Massachusetts avenue and Alabama street, and had registered over thirty names up to Monday night. He has the energy and the will to win, and will give a close race for the first company.

Samuel Merrill and Benjamin Reilly are raising companies also for the 70th, but we are not informed of their progress or the location of their offices.

The Chief of Police, is also recruiting. His office is in the city building—Glenns' Block—on the second floor.

From the New York Tribune of the year 1854.

The American Flag.

All hail, the floating flag!

The stars glow brave and dim:

The stripes are proudly seen.

A lie the vaulting hymn.

It shields a pirate's deck.

It binds a man in chains;

It yokes the captive's neck.

And wipes the bloody stains.

Tear down the floating flag!

Half-mast the starry flag!

And no more shall we see

With hate's polluted rag!

Destroy it ye who can;

Deep sink it in the waves;

It leaves a fellow man

To groan with fellow slaves.

Furl, furl the boasted lie!

Till freedom lives again.

To rule once more in truth

Among unfettered men.

Roll up the starry shroud.

Conceal its bloody stains.

For in its folds are seen

The stamp of rustling chains.
